

2004 AIChE ANNUAL MEETING

Austin Convention Center
Austin, Texas
November 7-12

Austin ★

Conference
Proceedings

- T1: Sustainable Engineering
- T2: Bioinformatics and Functional Genomics
- T3: Fuel Cells
- T4: Envisioning Biorefineries: Chemicals and Materials from Renewable Feedstocks
- T5: Sensors
- T6: Coupling Theory, Molecular Simulations and Computations Chemistry to the Physical World
- T7: Advances in Biomaterials, Bionanotechnology, Biomimetic Systems and Tissue Engineering
- T8: Electrodeposition Processes in Semiconductor Device Fabrication
- 4th World Congress on Microwave and Radio Frequency Applications Abstracts
- TB: 21st Century Process Development Tools
- TC: Women in Management
- TD: The Annual Meeting of the American Electrophoresis Society
- TE: Information Technology in Chemical Engineering
- TF: Chemical Process Industries (CPI) Management
- Group 22: 4th Topical Conference on Nanoscale Science and Engineering
- Particle Technology Forum (PTF) Papers - Sessions 268 - 291 - Non-Topical
- Non-Topical/Unaligned Session Papers
